Music and Lyrics by Jean Louis Marcel Pedat aka Jay Elle (ASCAP)

Verse 1:

I'm spinning 'round like a flying leaf

You are the wind

You are the open sky

I'm home

I've finally made it

But I took the long way home

Chorus 1:

I was lost at the bottom of a well

From there the world looks like a seashell

You took me in

You are the reason

I've finally made it

But I sure took the long way home

Verse 2:

I'm crossing the sky like a shooting star

You are the heavens

You are the great unknown

I'm home

I've finally made it

But I took the long way home

Chorus 2:

I was lost at the bottom of a well
From there the world looks like a seashell
You took me in
You are the reason
I've finally made it
But I sure took the long way home

Bridge:

I know now where I belong
I was lost for far too long
All that matters now is that I'm here to stay

Chorus 3:

I've finally made it
I sure took the long way
I'm home
I'm home
I'm home
I'm home
I'm home
I'm home
I'm home
