### Miss Mess

#### Verse 1:

Cm

Miss misunderstood

G# G7

Miss I never think whether I should

D#

Bad for my manhood

A# Cm

Swaying like a riptide on the loose

G7 G#

You feel you've got your heart caught in her noose

D#

Hoping that she'll calm down

A#

And fly some kind of flag of truce

#### Chorus 1:

G#

She's ever so flawless

In her little black dress

D#

Miss Mess

G#

She's ever so reckless

In her little black dress

D#

Miss Mess

A#

Miss Mess

G#

Woah

A# Cm

Woah

G# A# D#

**Verse 2:**

Miss I've got it all

Miss I'm never gonna take the fall

Always gone AWOL

Always got you chasing your own tail

And yes you love her but it's of no avail

Don't ever tell her that but you've met your whale

**Chorus 2:**

She's ever so flawless

In her little black dress

Miss Mess

She's ever so reckless

In her little black dress

Miss Mess

Miss Mess

Woah

Woah

**Verse 3:**

Miss I told you so

Miss there's quite a lot that you don't know

She's running the game show

Hanging like a raindrop on a thorn

You feel like you are riding a unicorn

Hoping that your plans

Aren't all stillborn

**Chorus 3:**

She's ever so flawless

In her little black dress

Miss Mess

She's ever so reckless

In her little black dress

Miss Mess

Miss Mess

Woah

Woah
